

# MiThoughts

 **MiThoughts** is an innovative iPad application for events that is designed to facilitate **interaction** with your audience, increase the **impact** of your presentation and help delegates better **understand** and **remember** what you tell them.

**MiThoughts** allows your audience to **view presentation slides**, **answer straw polls** and **submit questions** to the presenter in a unique and innovative way.

For more information or to arrange a demonstration please contact  
**Technology4events on: +44 (0) 844 824 6696**

## Key features of **MiThoughts**

### View Slides

Your **slides will appear on your audience's iPads** as well as the main screen giving a more **consistent experience** for delegates.

Delegates near the front may read from the screen, whilst others further away can still see the details on the iPad

### Capture Notes

With **MiThoughts** your **audience** can use their iPad to **make notes** against a specific slide.

Notes are compiled into a **PDF document** and emailed to the participant creating an **electronic record** that can be kept for future reference

# MiThoughts

## Key features of MiThoughts

### Answer Straw Polls

Create a *dialogue* with your audience and gauge their *understanding* by asking a range of “*touch*” and *multiple choice questions* through the iPad:

Results are displayed in *real time* as either *heat maps* or *bar charts*

### Submit Questions

MiThoughts gives your audience the opportunity to *submit comments and questions* at any point during the presentation.

Questions are visible to the chairperson or facilitator who can *collate, filter* and *print them off*
